Integrated Occupational Health Solutions

**DIRE**  
OCCUPATIONAL HEALTH

## Occupational Health: A business imperative

Complying with occupational health laws is a business imperative. We work closely with our clients to ensure their compliance with the occupational Health and Safety Act, Mine Health and Safety Act, and all other applicable legislation. Through tangible medical, technical and legal expertise, we're able to improve your company's working environment, while at the same time promoting the health and welfare of your employees.

### Our Services

#### PRIMARY HEALTHCARE

We provide diagnosis and treatment including the dispense of minor ailments and illnesses occurring at work. If needed, referral to an appropriate service provider will be made.

#### MEDICAL SURVEILLANCE PROGRAMMES

We conduct pre-placement, periodical/annual medicals, driver, termination of service, transfer and exit medical assessments.

#### MEDICAL EQUIPMENT AND CONSUMABLES SUPPLY

We provide a wide array of medical equipment, consumables and machinery

#### ONSITE CLINIC MANAGEMENT

This includes staffing, stocking, dispensing, recording and maintenance of records according to standards of appropriate legislation, plus calibration and maintenance of all medical equipment.

#### ANALYTICS AND INSIGHTS

We have developed a powerful clinic data capturing, reporting and analytics platform. Our services include in-depth risk analysis, real time analytics, general and specific reports and raw data management.

#### ODIRE OPERATING SYSTEM

Odire operating system provides the client a digital solution for Medical surveillance, X-Rays and Wellness, allowing a user friendly system which is easy to use, high security of client information and efficiency of processes to deliver the end result.

#### REPORTING AND WAREHOUSING OF DATA

#### HYGIENE ASSESSMENT

We offer a comprehensive array of hygiene audits to evaluate the health and safety of your environment. Audits can include focal areas such as potential hazardous chemical substances, noise, ventilation and lighting.

#### HEALTH AND SAFETY RISK AUDITS

We perform health risk audits, hazard identification and safety risk audits. A report is provided, addressing the most pressing needs for the organisation and as a guide for improvement.

#### LEGAL COMPLIANCE

Quality management systems: ISO 9001, 14001 and 45000  
ISO training  
ISO Internal audit  
Risk and aspect registers

#### OCCUPATIONAL HEALTH PROGRAMMES

We have a national network of qualified nurses and specialists available and can customise an integrated occupational health solution to suit your company's existing programmes or to establish new programmes.

#### LEGAL COMPLIANCE

Legislation governing occupational health compels corporate entities to institute processes to mitigate the risk posed to employees.

#### MEDICAL SURVEILLANCE, CONSUMABLES AND STOCK

#### CHRONIC DISEASE MANAGEMENT AND WELLNESS SCREENING PROGRAMMES

Screening involves HIV with counselling provided. In addition we work with clients to develop a tailored program of health & well-being assessments and health promotion events for individual and/or groups.
